

# INTAMIN

Intamin is a world-leading manufacturer of amusement and theme park attractions with a proud history built since 1967. Our product portfolio boasts the widest range of rides in our industry. We are known for roller coasters, water, and freefall rides as well as observation towers, round rides, and many others. Since the beginning, we have been pioneers in our industry; we have and still develop highly innovative and cutting-edge rides as well as technologies for our worldwide clients and hold countless world records for our achievements.

Every day, we work for the smile on people's faces, the thrill and joy of their experience and to push the boundaries of what's possible between man and machine. We create, engineer, manufacture, install, test, deliver and service all systems ourselves and every person in our organization has a key role in the process. We live our strong passion: You dream it. We build it - They love it.

To strengthen our IT-Teams in **Schaan, Liechtenstein**, we are looking for a

## CIO 100% (M/F/D)

### WHAT ARE YOUR TASKS IN THIS ROLE?

- Define the IT strategy development in the mid and long term that aligns with the company's overall business goals and objectives taking advantage of newly available technologies in the market.
- Collaborate with Management and all stakeholders to ensure alignment of IT initiatives with a clear communication and reporting method.
- Lead and manage the current IT professionals in the Operations and Applications teams. Must provide guidance and develop opportunities to ensure high efficiency and employee satisfaction.
- Manage all the IT projects defining, tracking, and delivering individual projects implemented to improve productivity, security and other defined objectives in a timely manner and within the approved budget.
- Identify and minimize weaknesses and IT risks in terms of reliability, availability, and security. Establish risk management processes, classify data according to criticality and define ownership and accessibility.
- Analyze the IT infrastructure at all locations and globally, harmonization, new introductions, first level support and properly compromising security versus usability, being responsible for the high satisfaction of all users.
- Optimization of the company's ERP system, supporting and improving existing processes internally and externally with all the stakeholders.
- Create, manage, and report yearly IT budgets, prioritizing investments and optimizing results.

### WHAT DO YOU NEED FOR THIS ROLE?

- Degree in business informatics, computer science or similar.
- Several years of experience in the management of an IT unit.
- Extensive programme and project management experience.
- In-depth knowledge of ICT infrastructure, applications, data management and experience in dealing with complex environments.
- Experience in implementation and maintenance of a Virtual Desktop Infrastructure and knowledge in terms of AI is desired.
- Business fluent in German and English.
- FL/CH/EWR/EU nationality or residency permit within EU/CH.

# INTAMIN

## WE ARE LOOKING FOR THE FOLLOWING PERSONALITY:

- You are open to working in a multicultural environment.
- You are calm and have an overview even in hectic times.
- You are able to work under pressure and show willingness to perform.

## WHAT DO WE OFFER?

We offer a unique place to work in one of the most exciting and fun industries in the world. As a mid-sized, family-owned company, we offer a high degree of job responsibility with short decision-making times in a highly diverse, global, and multi-cultural environment.
